The informative abstract is the one you prepare to accompany an article or report you have written yourself.

Select one:

- True
- False

ليث عمرو

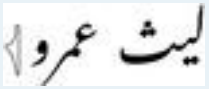

Self-contained abstract means that it should be brief and clear.

Select one:

- True
- False

لیث عمرو

The chief distinction between summary and abstract is in the fact that the term summary is used with research-related activities, while the term abstract is used more with documents that are administrative in nature.

Select one:

- True
- False

Evaluative abstracts are internal working papers rather than documents prepared for publication

Select one:

- True
- False

ليث عمرو

Evaluative abstract is basically a descriptive abstract plus your own evaluation of the quality of work done.

Select one:

لیث عمرو

- True
- False

Descriptive abstract must be brief, clear and self-contained.

Select one:

- True
- False

ليث عمرو

The abstractor's evaluation of the work being reported is an essential part of any abstract or summary

ليث عمرو

Select one:

- (●) True
- ( ) False

Traditionally, a summary appeared at the beginning of a document and recapitulated its main points.

Select one:
